CHAMBER OF COMMERCE OF GREATER PHILADELPHIA

The Chilean & American Chamber of Commerce of Greater Philadelphia (CACC) was founded in 1988 as a non-profit, nonpartisan membership organization with a mission of fostering increased and improved commercial and trade relations between the Republic of Chile and the Greater Philadelphia region. Access to the right network, markets, and resources is essential for successful business endeavors in both Chile and the United States, and providing these services is at the heart of the business advantage we offer.

CHILE

AT A GLANCE

FRUIT

World leading exporter of fresh grapes, blueberries, cherries, plums, salmon, and mussels.

FLAMINGOS

Chile's Atacama Desert is the driest place on earth. Due to its dry weather and high altitude, it's also one of the best places in the world for astronomy. In the Atacama Desert, you'll also find three species of flamingoes that nest near the region's famous Salar de Atacama, a large salt flat.

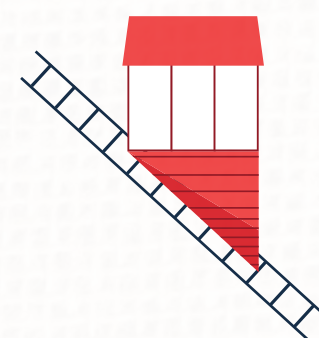

LA MONEDA

Located in the center of Santiago, La Moneda Presidential Palace, the seat of the Chilean President and symbol of Chilean political history, was originally used for coin minting. Chile has the 4th largest GDP in Latin America and OECD's highest ranking South American economy.

WINE

Chile is the 5th largest exporter of wine in the world.

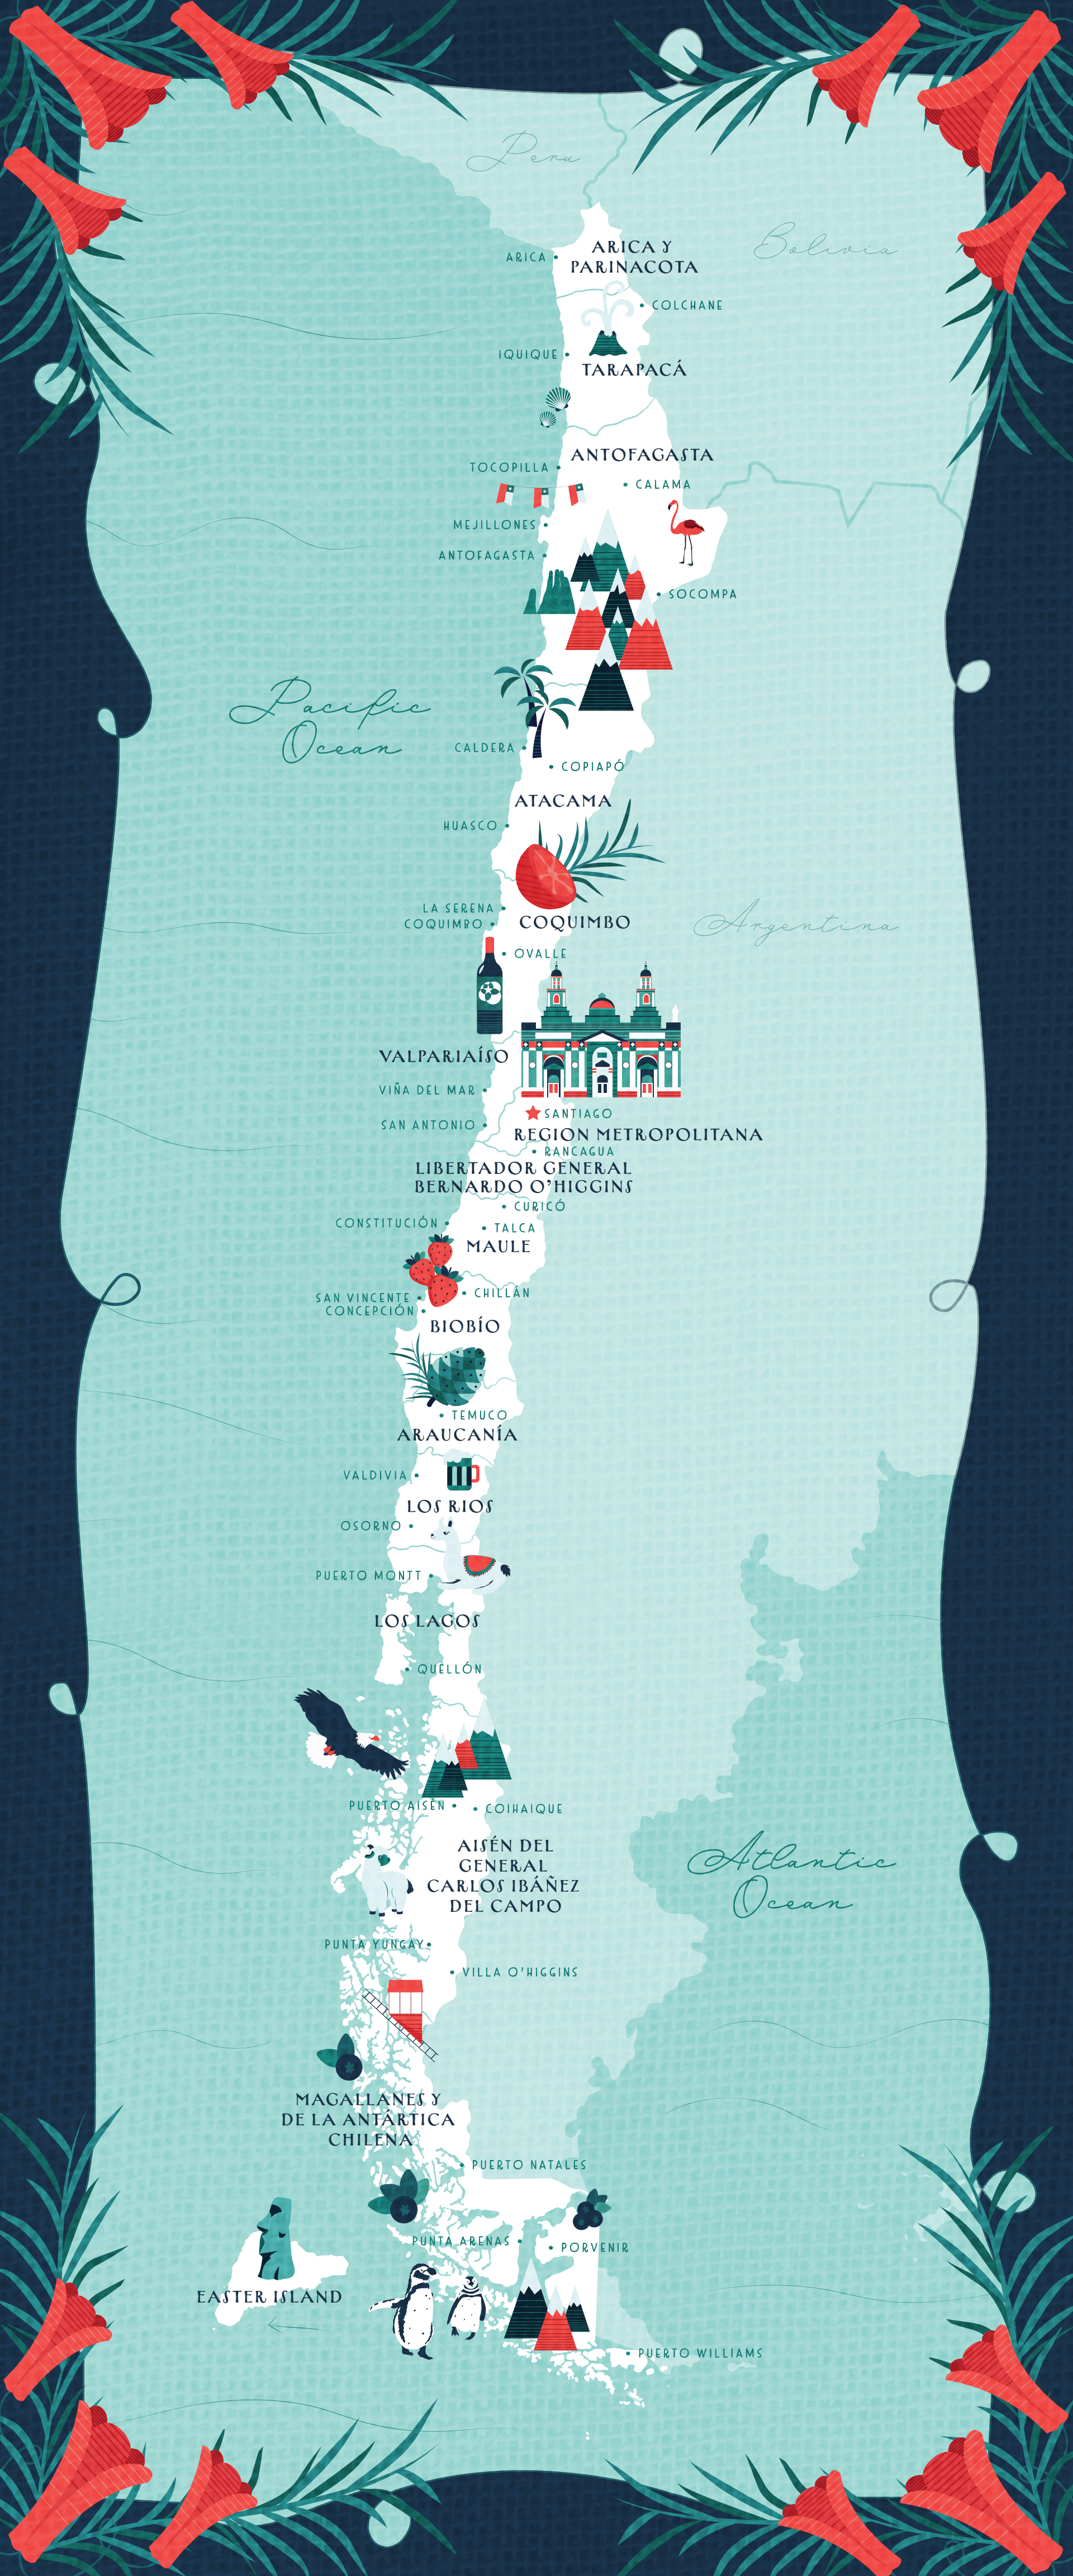

FUNICULAR

Due to the mountainous nature of the Chilean landscape, funiculars have been utilized as a transport system, navigating up and down the steep hillsides found throughout Chile's urban environments.

ANDES

Considered to be the longest continental mountain range in the world, the Andes Mountains stretch from north to south on the western side of South America and form the majority of the border between Chile and Argentina.
