

# CashPro<sup>®</sup> Remote Deposit and Browser Maintenance

## Remote Deposit now launches in new tab

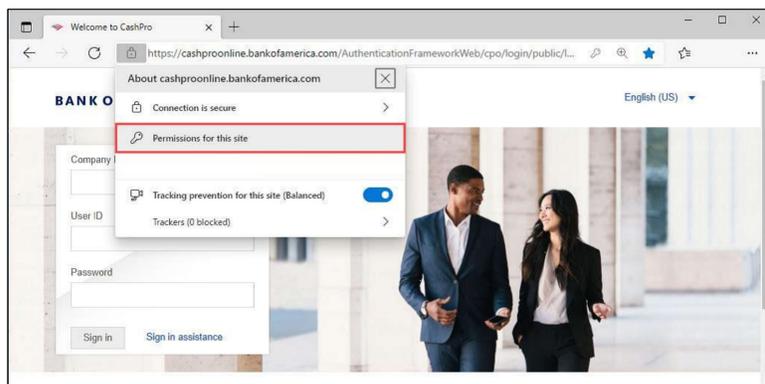

CashPro Remote Deposit now opens in a new browser tab when selected from the CashPro Menu. This change is being made to conform to updates in browser security.

Please ensure the bankofamerica.com domain is a trusted site in your browser settings. If administration rights are required, contact your IT department for instructions on how to update your settings.

## How to Update Your Trusted Sites in Microsoft Edge

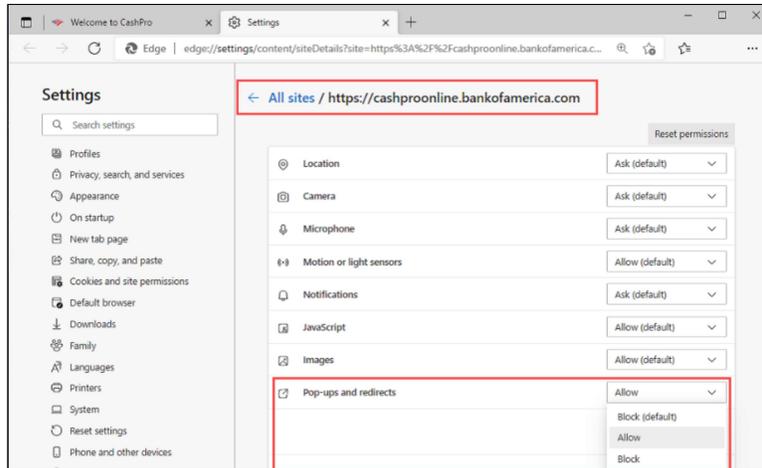

To add bankofamerica.com your Microsoft Edge browser trusted site list follow the steps below.

1. Access <https://cashproonline.bankofamerica.com> and click on the **lock symbol** to the left of the URL
2. Select **Permissions for this site** link

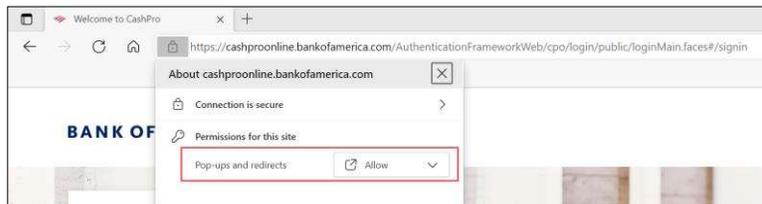

3. The browser settings for CashPro Online displays, scroll down and select **Allow** in the dropdown menu next to **Pop-ups and redirects**. This will only allow pop-ups and redirects from the CashPro Online site domain.

NOTE: If administration rights are required, contact your IT department for instructions on how to update your settings.

4. Proceed to <https://cashproonline.bankofamerica.com> and click on the **lock symbol** to the left of the URL to confirm the pop-ups and redirects for CashPro Online site domain are now set to allow.
