

CDS Global RDC Scanner Driver

Software Installation Tip Sheet (revised 9/5/2023)

1. Unpack the scanner and install the scanner's ink jet cartridge per the manufacturer's instructions
2. Do not use the installation CD included with the scanner
3. Log into the RDC scanning PC with administrator privileges
4. Log into www.cdsfiles.com
 - a. Username (full email address) and password
 - b. For access or account issues – contact the CDS Help Desk at 515-246-1001
5. Navigate to your Help folder on www.cdsfiles.com
 - a. Click on the Folders link in top left corner of the web page
 - b. Click the following links -> CDSFiles -> PUBLIC -> (Your company name) -> RemoteCapture -> Help

[/ CDSFiles/](#) [PUBLIC/](#) [CDSGlobal\(ANY\)/](#) [RemoteCapture/](#) [Help/](#)

6. From your Help folder Download three files:
 - a. CDS_RDC_HardwareTest.pdf
 - b. RangerFor*.exe (this is scanner model dependent)
 - i. SmartSource Adaptive
 - ii. CTS LS-150
 - iii. Panini wI:Deal iv. CTS LS-40
 - b CDSGlobalRDC.zip

NOTE: Always use the files located in CDSFiles.com HELP folder for installation.

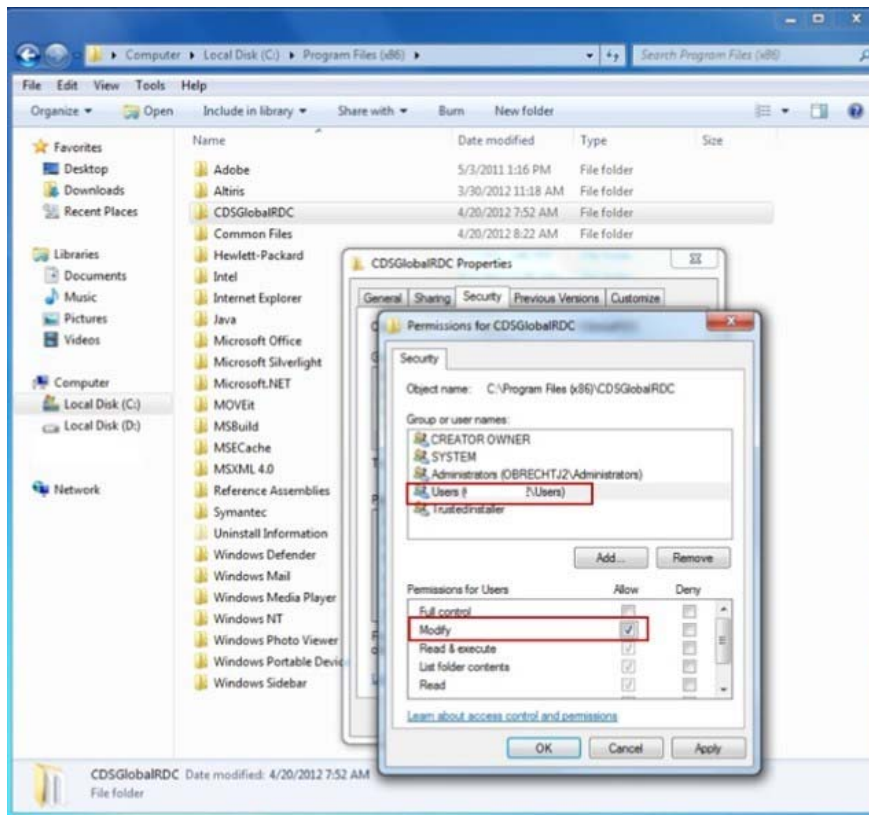

- | | | | | | | | |

| | RangerForSmartPVA_4.3.1.0-2.0.32.0.exe | 7/26/2018 12:41:42 PM | 16 MB | Jennifer L Obrecht - 7127331266 | 8 | | |
|---|--|-----------------------|-------|---|---|---|---|

- b. The files will be downloaded to your default downloads folder OR you will be prompted as to where you would like to download them
 - i. If your default Downloads folder has not changed: You can navigate to your Downloads folder by going to Start -> Computer -> Local Disk (C:) -> Users -> (your Windows username) -> Downloads ii. If you are prompted to save the downloads to your PC, download to your default Downloads folder OR create a folder on the desktop in which to save all the downloads
- c. Open the folder location where these downloads are saved (see 7b above)

- a. CTS LS-150
- b. CTS LS-40
- c. Panini wl:Deal

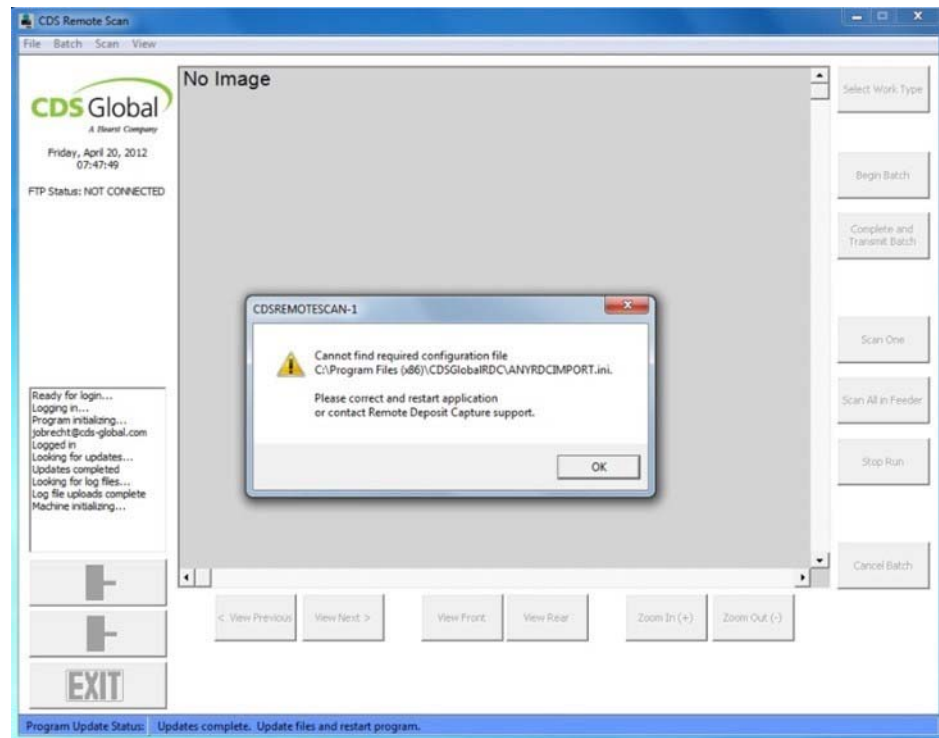

- a. This will unzip to its own folder: CDGlobalRDC
- b. Validate the zip file unzipped to a folder containing several files and folders
- c. Move the newly unzipped folder to:
 - i. **C:\Program Files (x86)** for 64 bit operating systems OR
 - ii. **C:\Program Files** for 32 bit operating systems

- Right click on the CDSGlobalRDC folder within the Program Files folder and select properties
- Click on the security tab
- In the group or user names box – click on Users and then click the Edit button
- Again select Users in the Group or user names box
- Check the Allow Modify box
- Click Ok to exit the dialogs

13. Open the CDSGlobalRDC folder within the Program Files folder
 - a. Right click on CDSRemoteScan.exe and create a shortcut
 - b. Copy and paste this shortcut to the desktop for all of your users to C:\Users\Public\Public Desktop\
 - i. The Public Desktop folder *may* be hidden
 - ii. To view hidden folders:
 1. Within the Public folder click on Organize in the top left corner and select Folder and Search Options
 2. From the Folder Options window, click on the View tab
 3. In the Advanced settings box, select the Show hidden files, folders, and drivers under the Hidden files and folders folder
14. Launch the new shortcut on the desktop
 - a. Log into the scanning application by clicking the login button at the bottom left of the window and entering your email address and password when prompted
15. The scanning application will now perform any updates needed
 - a. A missing file or new file error may be prompted with a blue bar at the bottom
 - i. Click Ok and exit the program

- ii. Copy any dll's and/or one site specific import file from the Update folder within the CDSGlobalRDC folder to the main CDSGlobalRDC folder
- iii. Launch the application again, updates should be complete with a gray bar at the bottom

- b. A new program found message may be prompted with a green bar at the bottom
 - i. Exit and relaunch the application, updates should be complete with a gray bar at the bottom
16. Perform initial testing of the hardware (see CDS_RDC_HardwareTesting.pdf)

Appendix A:

Scanners CTS LS-40, CTS LS-150, and Panini wl:Deal require their Ranger licenses to be registered

1. Start the Ranger Flex program on the scanning PC by **right clicking and select run as administrator**
 - a. Start menu -> All Programs -> Silver Bullet Technology -> Ranger -> Ranger Flex
2. An unlock screen will appear, enter your license key provided with your scanner purchase
 - a. Ex: 1234-5678-0000-ABCD-9109-XYZ1-A
3. Go to www.sbullet.com/activate/unlock.aspx
 - a. Enter you license key and click Next
 - b. Enter the two registration numbers provided in the dialog of the Ranger Flex program and click Unlock, an unlock key will be presented

- c. Enter the unlock key from the web page into the Unlocking Key box of the Ranger Flex program and click Unlock
